

First announcement

Dear Colleagues, and Friends,

We are pleased to announce the 16th International Workshop on the Physics of Turbulent Mixing to be held in Marseilles (France), from July 15 till July 20, 2018. This workshop has been held approximately biennially since 1988, and brings together researchers from universities and research laboratories around the world to discuss the state-of-the-art in theory, modelling, experiment and simulation of compressible and variable-density turbulent mixing induced by hydrodynamic instabilities in multi-material hydrodynamic flows. The workshop will include both oral and poster presentations, together with informal round table discussion sessions.

You are welcome to participate in the conference and forward this announcement to anyone who might be interested.

The Workshop will be held in the elegant venue of the Hôtel Intercontinental Marseille (Hôtel Dieu) that is located downtown Marseille.

Key dates

15th December 2017: Deadline for abstract submissions

15th February 2018: Acceptance of abstracts

30th April 2018: Earlybird registration closes

1st June 2018: Deadline for special rates at Hôtel Intercontinental Marseille

30th June 2018: Registration closes

15 July 2018: Welcome reception

16-20 July 2018: Workshop Presentations

1st December 2018: Deadline for submissions to the published proceedings

At the same time, we would like to revive the tradition of a social program for accompanying persons. Marseille is the oldest city in France, founded 2,600 years ago. Today, our town has considerably changed and offers a new face.

Important !

In order to have a rough idea of the number of potential participants and accompanying persons, could you please give us feedback on your intention to attend to contact@iwpectm16.fr.

Further information can be found on the conference web site with the following URL: <http://www.iwpectm16.fr/>

Welcome to Marseille !

The organization Committee
